Summary

I am a passionate Mern Stack Developer with 2.6 years of hands-on experience in building responsive and scalable web applications. I specialize in the MERN stack (MongoDB, Express, React, Node.js) and have worked extensively with tools like Redux Toolkit, Firebase, MySQL, and Sequelize. I am committed to delivering high-quality, user friendly web applications and continuously improving my skills to stay up-to-date with the latest technologies.

Experience

Third Eye Production pvt. ltd.

Oct 2024 –Present

Mern Stack developer

- **Front-end Development :** Creating responsive user interface with HTML,CSS3, Javascript,Tailwind css,Bootstrap React.js.Implementing the state state management using redux for efficient data flow.
